Republican Corn. W. J. Davenport is now making a collection of corn from various parts of the county, and the result of his labor can be seen at the Burlington ticket office. The ears are all very large and well formed, and if they are to be taken as an indication of the state of the crop throughout the county a Johnny cake famine is entirely out of the question.

Judge G. A. Robinson, a life-long democrat, sauntered into the office yesterday morning, and after taking a look at the collection, remarked wistfully: "I tell you, I'd like to have about 50,000 acres of that kind of corn."

"But, Judge," suggested a bystander, "your friend says that the anti-Bowie campaign is losing money on every acre of corn land they own, and if that's so, you would be dead broke before the season is over."

"Oh,shaw," retorted the judge, "you want to run everything into politics," and he turned on his heel and left the anti-Bowie campaign document to the inspection of the bystander.

See for a divorce. Johanne Mary Bond commenced suit for a divorce in the district court, yesterday against her husband, Peter A. Bond, whom she had deserted a few days ago on the charge of assault with intent to kill. She alleges that he kicked, beat and otherwise abused her. NEWS FROM COUNCIL BLUFFS

Suit Commenced by a Building and Loan Association Against Its Agent.

BURGLARS AND THIEVES AGAIN AT WORK

Good Hauls Made by the Light-Fingered Gentry-In the Federal Court-Would-Be Incendiaries-Complaints Against an Officer.

The Eastern Building and Loan association commenced a suit in the superior court yesterday against its agent, E. C. Hendricks, to recover an amount of money which it is alleged was received by Hendricks in trust for the company, but which he failed to turn in. J. J. Unger and N. O'Brien, when Hendricks took the agency, signed a bond for \$1,000 as sureties with Hendricks, for the faithful performance of his duty. The company alleges that assessments, dues and fines were charged up to the patrons of the company by reason of his failure to send in the payments made by them and his reports. The amount of money kept back is stated to be \$21.50, and a judgment for the amount is demanded.

A suit was also commenced by the same company to foreclose a mortgage given by Hendricks and his wife on a piece of property in Beers' subdivision, the amount of the mortgage being \$55.

A Cure for Cholera. There is no use of any one suffering with the cholera when Chamberlain's Colic, Cholera and Diarrhoea Remedy can be procured. It will give relief in a few minutes and cure in a short time. I have tried it and know.-W. H. Clinton, Helms, N. J. The epidemic at Helms was at first believed to be cholera, and the investigation proved it to be a violent form of dysentery, almost as dangerous as cholera. This remedy was used there with great success. For sale by druggists.

The M. L. S. society will serve hot dinner and oysters today from 11 o'clock until 2.

Want to Sell Out. The stockholders in the union depot project held a meeting at the court house to hear the report of the committee which was sent to Chicago to interview the managers of the Iowa roads. Nothing very new or startling was brought to light in the report, the committee having failed to get a part of the managers together and the rest being inclined to hold off for their comrades.

The subject of selling the union depot site if a purchaser could be found for it among the railway companies was brought up and discussed and a resolution was finally passed in favor of selling, and instructing the directors to take the preliminary step of finding some one who wanted to buy a location for a depot. This resolution met with decided opposition from a large number of the stockholders, but the directors were not to be deterred.

On motion of E. L. Evans the board of directors was instructed to hire an attorney to protect the stockholders' interests and to take legal action to compel the companies to fulfill the terms of the contracts they signed with the depot company a couple of years ago.
